Information Note for Customers in U.S.A. and Canada Statement Only:

WARNING/DISPOSAL OF UNIT:
Please DO NOT attempt to change the battery yourself. If the battery has died and you do not want us to replace your battery, you should follow the disposal instructions below:

• Please remove the supplied USB cable with these headphones as doing so may cause a failure.
• Do not place in the unit a potentially explosive area, or in locations exposed to high humidity or direct sunlight (or strong artificial light).

Information Note for Customers in U.K. Only:

Information for users on collection and disposal of old equipment and used batteries

CAUTION
When battery fluid leaks from rechargeable batteries

This product is a pair of headphones with an excellent sound quality, durability and functionality optimized for DJing.

Operating Environment:
Operating environment temperature and humidity:

+10 °C to +30 °C (+20 °F to +104 °F), less than 80% RH (cooling fans will not block)

Do not install the unit in a potentially explosive area, or in locations exposed to high humidity or direct sunlight (or strong artificial light).

Rechargeable batteries:

• Do not touch the liquid that gets into the eyes, refrain from rubbing them, immediately rinse them thoroughly with clean water, and then seek medical attention promptly.
• If battery fluid spills onto the body or clothes, immediately wash them sufficiently in clean water. Consult a doctor if inflammation or injury of the skin occurs.
